

Success Protection Package

In addition to the OEM warranties, the **Success Protection Package** provides a number of additional coverages to protect your business. The program begins with a thorough inspection by the Prime shop and by **YOU**. It is **CRUCIAL** that you do a complete inspection at the beginning of your lease documenting any and all damage on the truck (even damage you might feel is minor). Each USED truck starts with either a 30 day bumper to bumper warranty (if the truck is less than 2 years old) or a 60 day warranty (if the truck is 2 years or older). This warranty does NOT include Full Service, Lube, Tires, physical damage not noted until after truck has left the yard, or request for repair where no mechanical repair is necessary. Next, each pre-leased truck has a carryover warranty which is established based on the amount of authorized, dispatched miles on the truck x 1.75 cents. Throughout your lease, driveline repairs will first be reimbursed from your carryover warranty. If you incur driveline repairs above and beyond the balance of the Carryover Warranty, those driveline repairs will be covered by the Success extended driveline warranty. Under this warranty, Success pays for driveline repairs which exceed \$500 per repair at the time of repair and will recover 50% of the cost from you at completion/termination of the lease. Any driveline repair under \$500 is your responsibility but as with those over \$500, Success will pay the cost at time of repairs and then recover the cost from you at completion/termination of the lease. This does not include "diagnostic", "no problems found", "not repaired at this time" or "accident damage". All of the above coverages are **VOID** if the repair is caused by operator negligence.

DRIVELINE

Accessory Drive (tanker only)	Fuel Pump	Shift Regulator
Alternator	Head Gasket	Splitter Valve
Balance Driveline	Input Shaft Seal	Starter
Brakes	Intercooler (Air to Air Cooler)	Surge Tank
Cam Seal	Internal Engine Component	Tensioner
Clutch (brake & rod)	Jake Brakes	Thru Shaft Seal
Crankshaft	Neutral Switch	Top Cover
DEF Injector & Metering Unit	NOX Sensor Replacement	Trans Regulator
DPF Filter Replacement	Oil Cooler	Transmission
ECM	Oil Pan	Transmission Seal
Engine Fan	Power Divider	TRS & SRS Sensors
Fan Clutch	Radiator	Turbo
Fan Hub	Rear Differential Seal	U-Joints
Flywheel Housing	Rear Ends	Valve Cover
Fuel Injector	Regulator Valve	Water Pump

NON-DRIVELINE (Not Covered)

Adjust Clutch	DPF Filter Cleaning	Manifold Exhaust
A/C System	Drums	Overhead
Air Compressor	Engine Dyno	Power Steering Pump
Air Filter	Engine Supplies	Sam Cab
Air Governor	Engine Wiring Harnesses	Shocks
Air Valves	Fan Shroud	Slack Adjuster
Antifreeze	Fluids	Speedo Sensor
Battery (unless Alternator replaced)	Front & Rear Suspension	Springs
Belts	Fuel Filter	Spring Pins
Brakes	Fuel Tank	Steer Shaft Seal
Bunk Water Supply Solenoid	ICU	Steering Gear Box
Clamps & Hoses	Inverter	Wheel Seals
Defrost Fan	King Pins	

Will cover Vorad, Iteris, and Wingman repairs unless its driver abuse.
